Manewada Road, Nagpur

PROFILE

React Developer proficient in building responsive, high-performance interfaces using Vite, React-Bootstrap, and modern JavaScript. Skilled in transforming complex designs into interactive, state-driven components with a focus on clean code and seamless user experiences.

EDUCATION

MSC in Computer Science Sept. 2023 – June 2025
Dr. S.C. Gulhane Prerna College, Nagpur *CGPA: 6.34*

BSC in Computer Science Sept. 2017 – August 2021
K.R. Pandav Mahavidhyalaya, Nagpur *Percentage: 61.96%*

EXPERIENCE

Sky Vision IT Solution Pvt Ltd Feb 2026 – July 2026
MERN Stack Developer

- Developed hands-on web development projects using the MERN stack (MongoDB, Express.js, React.js, and Node.js), strengthening technical expertise and gaining practical insights into the software development lifecycle and collaborative teamwork.

Apna College August 2025 – Feb 2026
React JS Trainee

- Gained proficiency in modern web technologies, focusing on React.js, JavaScript (ES6+), and responsive UI design. Developed a deep understanding of component lifecycles, state management, and building scalable frontend structures.

RSE IT Solution Mar 2024 – May 2024
React JS Developer (OJT)

- Completed hands-on OJT in React.js for industrial-level projects. Built dynamic, responsive web applications including a student portal with component-based architecture.

PROJECTS

Tasty Burger Mar 2026
Live Demo

- Developed a high-performance, multi-page food industry website using React.js and Vite.
- Implemented a fully responsive UI using React-Bootstrap, featuring dynamic navigation and smooth interactions.
- **Technologies**: React.js, Vite, React-Bootstrap, HTML5, CSS3

Foodie Website May 2025 – Jul 2025
Live Demo

- Created a responsive food showcasing application with interactive menu filtering and image sliders.
- **Technologies**: HTML5, CSS3, JavaScript, Bootstrap 5

Dr Aqua Galaxy Mar 2024 – Apr 2024
Live Demo

- Engineered a high-performance web interface using React.js to present water purification solutions, features, and client inquiry systems.
- Developed reusable, state-driven UI components with responsive navigation, interactive forms, and optimized asset loading.
- **Technologies**: React.js, Vite, React-Bootstrap, JavaScript (ES6+)

TECHNICAL SKILLS

- **Frontend**: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap 5
- **Backend**: Node.js, Express.js, RESTfull API
- **Database**: Oracle (SQL, PL/SQL), MySQL, PostgreSQL, MongoDB
- **Version Control & Deployment**: Git, GitHub, Vercel

BASIC KNOWLEDGE & TOOLS

- **AI Tools**: ChatGPT, Gemini, Blackbox AI
- **Build Tools**: Vite

TRAINING & CERTIFICATIONS

- Certified Course in Full Stack Development from Apna College
- Certified Course in React.js from RSE Business IT Solutions
